- Level 1 - a confidence-building course for learners with limited language skills focusing on conversation. Topics include shopping, social situations (weather, health, sport, travel, holiday, personal information) and making simple arrangements. (European Framework A1)
- Level 2 - aimed at the intermediate learner, this course encourages the student to communicate more fluently with native speakers, to be able to discuss a wide range of topics and handle many areas of grammar more confidently and accurately. (European Framework A2/B1)
- Level 3 - for the more advanced student this course explores in more depth many aspects of the French language, its uses in modern contexts, changes in vocabulary and usage and advanced discussions. (European Framework B2/C1)
